Hi!
I am Sohvitar,
the cartoonist and
the storyteller
of Neeta Oy (Ltd).

I have drawn
comics for as
long as I
remember.
Even before I
knew how to
read or write.

I used to draw
and my mother
wrote the lines.

In 2008 a small ragdoll girl came into our family (born in 2007), and she was named "Neeta".

In the year 2019 we decided to set up a comic publishing house, and of course it was named "Neeta Oy", after our sweetheart.

It took years but we have come a long way.

My first
complete
work was
"In the Midst
of Flames".

After that
"Silver".

"Prayer".

"Lucifear".

"Real Me".

And that
is not all!

Several comics
are on their
way!

After all,
I have made
several different
comics during
these years.
